Single Moms In a Loving Environment

Volume 1 Issue 1 Spring 2016

Single Moms In Loving Environment was established in January of this year. In the last three months many things have taken place as we continue to move forward in preparing to open our doors for the single moms in need.

We have been working on the paperwork that goes with organizing and operating a ministry. There are many steps and time is something that we continue to move through. We are so thankful for God's perfect timing and leading at each step we are taking.

We have also been talking to people at existing facilities that serve women in similar ways in which we hope to serve. The visits have been very encouraging and helpful in answering many questions. We are thankful for those who have given us their time to visit, discuss, and ask questions. Those who are allowing us to use the things they have learned in their service to these hurting women and children.

We continue to seek the Lord's direction on location and ministry team needs. We are putting together the criteria for selecting the men and women who will serve on the Board of Directors as well as serving the women and children.

Each step we take draws us closer to where God would have us to be used of Him in reaching the women and children in need.

Our financial needs are also something that we are looking at. We continue to look at ways to raise the monies that will be needed. Although we are uncertain of an exact dollar amount at this time, we do know that it is a substantial amount and that God will provide every penny that is needed.

We ask for your prayers as we continue to move forward. Here are some specific prayer requests.

- Wisdom in the decisions we are making regarding policies and procedures
- Financial support
- Prayer support
- Staffing both volunteer and paid
- Location – facility and services
- Upcoming informational meetings
 - April 18, 2016 @ 7:00 pm at Algona E Free Church, 2205 Hwy 169 North, Algona, IA
